

This liquid fertilizer/plant food is a high quality liquid starter that is 100% Orthophosphate which means it is immediately available to your plant. 3-18-18 is recommended to encourage blossoming, the ripening of fruits and vegetables or as a winterizer on all crops.

### Advantages

- Low Salt Index which ensures plant safety
- Fast foliar update for immediate plant development
- Non-corrosive
- White clarity providing the best physical and chemical properties available
- The capability to integrate multiple micro-nutrient packages for a single complete application
- 100% Orthophosphate availability- near neutral PH
- Ease of foliar application

### Applications

We recommend for Agriculture use of 24 to 30 oz. of concentrate per acre and for Home Landscape and Garden use of 2 to 4 oz. per gallon of water to cover 1,000 square feet.

**CAUTION: KEEP OUT OF REACH OF CHILDREN.** This product is harmful if swallowed. Avoid contact with eyes, open cuts, or sores. Keep from freezing. If this product is stored in cold or freezing weather it may separate or thicken; this will not harm the performance. If frozen or cold, warm the product to room temperature and stir thoroughly before using.
