

This liquid fertilizer/ plant food is a high-phosphate liquid plant starter 100% Orthophosphate, especially designed to produce a stronger root structure in plants. This is the best product for all types of transplanted crops for a fast, strong start in the field.

Advantages

- Multiple sources of nitrogen
- Chelated micro nutrients
- Soil penetrant for compacts soils

Applications

We recommend for Foliar Applications on Vegetable and Field Crops, Deciduous Fruit and Nut Trees, Grapes and Citrus to apply 1 to 3 gallons per acre in a minimum of 5 gallons of water per acre.

For Soil Application Rates on Cotton – Corn – Melons and all other crops, Seed into Moist Soil: Inject 1 inch to 2 inches directly below or to the side of the seed line and use 3 to 8 gallons of 5-20-5 per acre.

CAUTION: KEEP OUT OF REACH OF CHILDREN. This product is harmful if swallowed. Avoid contact with eyes, open cuts, or sores. Keep from freezing. If this product is stored in cold or freezing weather it may separate or thicken; this will not harm the performance. If frozen or cold, warm the product to room temperature and stir thoroughly before using.
