

Brix Builder is food grade and is manufactured in compliance with Federal Food Drug and Cosmetic act, Codex Alimentarius and all applicable FDA and state statutes and regulations. It is an auxiliary plant substance that is designed for soil and foliar use to enhance plant growth, earlier bloom and flower formation, as well as to stimulate microbial propagation. Brix Builder is a low cost application that gives your plants a healthy boost of nutrition and energy when they need it. Brix Builder can be integrated into your existing program and is designed to be applied to your crops whenever you travel across your fields.

**Advantages**

- Increases proteins, vitamins, minerals, and sugar within the plant
- Has shown to consistently reduce insect pressure
- Environmentally friendly
- Compatible with other treatments and surfactants

- Increases yield potential by improving plant health
- Contributes to overall plant health and vitality
- Low per acre cost
- Dissolves quickly and easily and stays in suspension

Applications

We recommend applying 1 pound per acre of Brix Builder at the V3-V5 growth stages for soybeans, V3-V7 on corn and at boot and flag leaf on wheat.

CAUTION: KEEP OUT OF REACH OF CHILDREN. This product is harmful if swallowed. Avoid contact with eyes, open cuts, or sores. Keep from freezing. If this product is stored in cold or freezing weather it may separate or thicken; this will not harm the performance. If frozen or cold, warm the product to room temperature and stir thoroughly before using.

Bag: 50 lbs. (22.68 kg)
