**DIRECTIONS FOR USE
FIELD CROPS**

This product is for use in a balanced program for the crops listed in the label. User should consult a trained agronomist or a certified crop advisor for specific recommendations.

Foliar fertilization with primary nutrients will not provide the quantities of nutrients required for normal plant growth. This product may cause foliar burn if applied in higher than recommended rates or concentrations. Use only as a supplement to a regular fertilization program.

Foliar fertilization can be an effective remedy for diagnosed plant deficiencies of secondary nutrients and micronutrients, but may cause plant damage if applied at more than recommended rates or concentrations. Use of this product is recommended only as a supplement to a regular fertilization program and only on plants with confirmed secondary nutrient or micronutrient deficiencies.

FOLIAR: 2.0 fl. oz. /acre as Adjuvant
